

## Google Translate Extension within Google Chrome

Google 'Chrome Web Store' and search for 'Google Translate' and click 'Add to Chrome'.

The extension will become available if you click the extensions in your browser bar. You can then 'Pin' it to your browser bar.

After clicking on the icon you will be able to select 'Translate this Page'. You will be then prompted to select a language. The extension will translate the entire webpage into the selected language.

Once logged into your self service account you will be able to minimize the left side menu bar by clicking on the 'Pin' icon on the top left of the webpage.
